

\$40,000 Damage Caused by Fire To Downtown Business

Damages estimated at \$40,000 were caused by a fire Saturday about 10 a.m. at the St. Paul Title Insurance Corp. located next to the Grayling City water tower.

A Michigan State Fire Marshall has already ruled out natural or accidental causes for the fire. The blaze apparently started in a supply room and burned for several hours before a passing motorist spotted smoke. City and township fire fighters responded quickly to an alarm and con-

tained the fire to the supply room. The heat was so intense, though, telephones located at the far-end of the building were melted.

Owner Jim Harris said all their equipment was ruined but no records were destroyed. He said the business would open back up this week at his home, 807 Robin Hood Lane, and use his telephone number, 8-5910. He said the whole interior of the building appears to need to be rebuilt but the roof and rafters appear to be unharmed.

City Election Set for November 3

Two Grayling City Council seats will be up for grabs Tuesday, November 3, in a city election. The four-year terms of councilmen Horace Failing and Gordon Thompson will be expiring. Thompson is also the mayor. The mayor is selected by the council from its members.

Petitions from candidates for the council seats must be filed by Saturday Noon, October 10. No candidates have filed petitions yet.

St. Mary's to Celebrate 100 Years Here

On the weekend of September 26-27th, St. Mary's Parish will celebrate one hundred years of the Catholic faith in Grayling.

The celebration will include an Open House on Saturday, September 26th, from noon to 2:30 p.m. In the evening there will be a dance at the St. Mary's Family Center from 9 p.m. to 1 a.m. with music by The Varieties from Gaylord. Both events are open to the public.

On Sunday, September 27th, there will be a special Mass of Thanksgiving at 4 p.m., followed by a dinner in the Family Center and a presentation of the parish history. Many of the former pastors who served at St. Mary's are expected to return for this centennial celebration.

New \$29,000 Fire Truck Arrives in Frederic

The Frederic Township Volunteer Fire Department received their new \$29,000 fire truck tanker Wednesday, September 9, and township officials described it as a beauty. It was the first new fire truck for the township since 1975. In addition to the new tanker, the township has three pumpers, an ambulance, and an old tanker it will be selling.

Lovells Seeks New Tennis Courts & Other Improvements for Park

Lovells Township is applying for a \$20,000 grant - the third part of a development grant - to add tennis courts and other improvements to Douglas Park.

The township has already received approximately \$23,000 in two grants from a federal program to develop the park. A pavilion was built at the park earlier this summer and land is presently being cleared for shuffleboard courts and a picnic area. The township has to match the federal grants on a 50-50 basis.

Township officials said a lot of the work at the park has been performed by volunteer labor.

South Branch Petition Wants Mill for Policeman

Twenty South Branch residents presented a petition to the township board requesting a special election for one mill for three years to employ a full-time police officer.

The board tabled the request for study by Supervisor George Rybicki. The township employed a part-time officer several years ago and had a full-time police officer recently until C.E.T.A. funds were out.

The township board also tabled a petition by 47 residents asking for the recall of Governor Milliken. The petition being circulated statewide claims Milliken acted improperly in campaigning for Proposal A.

Local Police Officers Win At State Trophy Shoot

A team of Crawford County Sheriff deputies took third place and a team of deputy reserves took first place at the 6th annual Attorney General Trophy Shoot.

The reserve team, entering the competition for the first year, beat out all other reserve teams from northern Michigan at the shoot held September 13 at West Branch. Gary Ginter took second place overall in the individual shooting, Alfred Newell took third place, and RexAnn Adams was the third member of the winning reserve team.

Tom Coors, Bill Heemer, and Dave Lovely took third place in the shoot behind a Michigan State Police team. The shoot was sponsored by Kirtland Community College.

Hearing on Salling Dam Oct. 6

There will be a special hearing Tuesday, October 6, for river property owners between Pollack Bridge and the M-72 West Bridge concerning the Salling Dam.

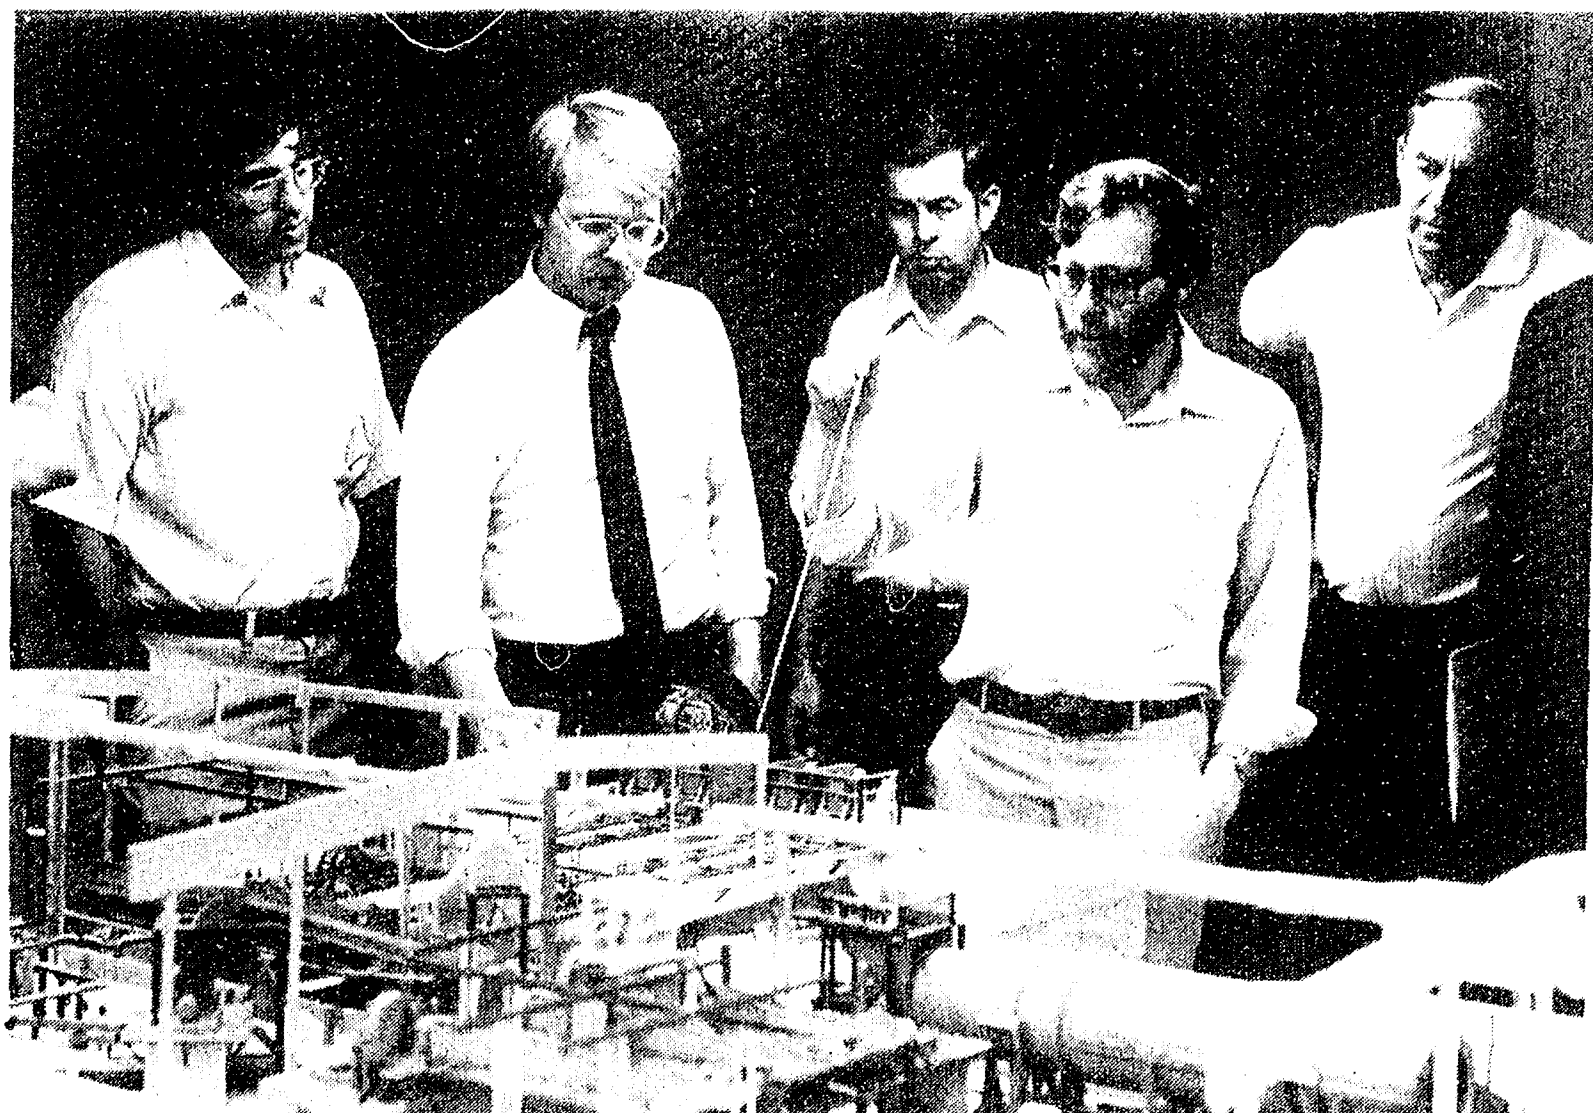

Repairs are needed at Salling Dam and the possibility of creating a special assessment district of AuSable River owners near the dam will be discussed at the public hearing.

Not Too Late!

Still Time To Register For Adult High School

Classes began on Monday evening, September 14, but for Crawford County adults who would like to finish their high school education it's still not too late. Late registrations will be accepted through September 24. All classes are held at Grayling High School and begin at 7:00 p.m. The cost for taking the classes is nothing, providing those registering can apply the credit toward their high school diploma. Classes being offered during the current semester are: American History on Monday; English and Math/Science on Tuesday; American Literature and Typing on Wednesday; and Government and Woodshop on Thursday.

This year, adult high school completion classes at Grayling High School are offered by the Whittemore-Prentiss School District through a consortium arrangement with the Crawford AuSable School District. More information can be obtained by calling Howard Taylor at Grayling High School.

SENATOR IRWIN, Chairman of the Senate Committee on Consumer Affairs, Forestry, and Tourist Industries, toured the Grayling and Gaylord areas last month during a two-day field trip of forestry industries. Irwin is joined here at the Weyerhaeuser Company by Senate Fiscal Agency staff, Department of Natural Resources staff, Tony Moore of Weyerhaeuser, and Senator Robert Young. Weyerhaeuser Company is currently constructing a plant in Grayling.

Group Tours Forestry Sites

(LANSING)—State Senator Mitch Irwin (Sault Ste. Marie), Chairman of the Senate Consumer Affairs, Forestry, and Tourist Industries Committee, toured nine separate forestry sites last month in a special committee orientation to Michigan's renewable resources.

"The forestry field trip focused Committee members' attention on the legislative and economic poten-

tial of the forestry industry," Irwin said.

Emphasis was placed on forestry during the two-day tour which demonstrated the forest-related activities in a 35-mile radius from Grayling. A luncheon attended by area forest businessmen, the Chamber of Commerce, local government officials and other interested parties was the kick-off for a visit of the areas in Michigan

which can be said to best represent all the forest potential in this state.

Irwin and the Committee stopped at a conventional logging operation run by the Mid-Michigan Logging Company and a total tree chipping operation run by Evertt Helsel. Both of these businesses work in cooperation with the Forest Management Division of the State Department of Natural

Resources. Products from these businesses are sold to Champion International Particle Board Plant, A.J.D. Forest Products Sawmill, and Weyerhaeuser Company (currently under construction).

"We need to continue renewing our forest growth, and to assist forest producers and wood product companies to maintain and expand this vital industry," Irwin concluded.

Board Reviews Outside Funding Policy, Conducts Question-Answer Session

By Jon Thompson

The Crawford AuSable School Board opened the way for outside funding last Wednesday, and Monday night, at another special meeting, the board started mapping routes in the new territory of private funding.

A proposal by school administrators - yet to be acted on by the board - calls for

donations of about \$25 from each student in a privately-funded program. The organization funding the program could provide scholarships for students unable to afford a donation.

All the money to run a program must be paid to the school before a program is reinstated. The exception to this will be gate receipts

where a conservative estimate can be used.

The school board is scheduled to act on these policy rules at a special meeting next Monday. Once rules have been set, the ath-

letic programs and others - given a tentative okay to continue while the board developed a policy - will have to fill out applications and meet policy rules.

In other school board news, school administrators and board members spent most of the meetings last Wednesday and Monday answering questions from community members. Among the questions and answers were the following:

Q - How is the school district saving money by cutting down on bus stops?

A - By the time the bus slows down, stops for

Board Okays Outside Funding Policy For Academics, Sports

By Jon Thompson

Before an emotional crowd of about 170 persons Wednesday, September 9, the Crawford AuSable Board of Education passed a policy allowing outside funding for academic, extra-curricular, and sport programs.

Superintendent William Diedrich said the school district may be the first in the state to have a comprehensive private funding policy for academic and extra-curricular programs as well as sports.

After the board passed the policy, it then gave the Viking football and girls basketball teams the go-ahead to play while the board reviews an offer by the Grayling Youth Boosters Club to fund the entire school athletic program for 1981-82. The temporary decision to allow the teams to play was greeted by cheering and applause from many of the high school students and adults attending the special meeting.

School board member Roger Moshier, in voting for the policy to allow outside funding, said the people wanting to keep the programs should be given a chance.

"Two-thirds of the people said no to these programs at election time, but one-third of the people said yes,"

Moshier said. "I think if students and other groups are willing to work to have these programs, they should be given the chance as long as they can keep their commitment."

"Adopting this policy leaves the door open for our kids to have programs they won't have otherwise," board member Pauline Petrosky said.

Bernadine Dosch was the lone opposing vote against both the policy and the temporary go-ahead to play sports.

"I feel boxed into a corner because we don't have an equal amount of private funding coming forth for education programs," Dosch said. "I feel we're abandoning our educational philosophy that places curriculum above sports. We're also throwing out the prioritized list the citizens' forum made that said curriculum came first."

The Booster Club offer is the first outside funding proposal brought to the board, but mention was made at the meeting concerning possible proposals for plays, band, yearbook, and even opening libraries through private funding.

Additionally, Diedrich said he is working with Kir-

Vikings Win Opener Over Harrison 13-0

By Jon Thompson

The Grayling Vikings used two touchdown passes by Terry Norman and 109 yards rushing by halfback Ted Methner to grind out a 13-0 victory in the season opener at Harrison. The Vikings play their first home game Friday at 7:30 p.m. against Roscommon.

Grayling rushed for 233 yards and never had to punt. "We felt we almost ran at will against them," head coach William Klingler said. "Our line was opening up

holes even though some of our players were outweighed by 60 to 100 pounds by the Harrison man playing across from them."

Harrison, though it did not field a football team last year because of financial problems, lined up a big team against the small but quick Vikings.

Klingler said despite the size, he thought his experienced line would be able to open holes and they did. Klingler said the running

\$4,000 Found on I-75 in County; Man Returns It to Owner

Good Samaritans are apparently alive and well and reside in Mount Pleasant.

When Shirley Decker, of Sterling Heights, lost her duffel bag off the back of her motorcycle somewhere along I-75 or West M-72, she thought someone was going to be \$4,000 richer.

Lucky for Decker, however, Oscar Hagerman, of Mt. Pleasant, found the duffel bag along northbound I-75 and promptly turned it and all its contents over to the Crawford County Sheriff's Department.

The Crawford County

Sheriff's Department put out an area broadcast about the duffel bag and Decker, who had notified the Kalkaska County Sheriff's Department, had her property returned and her faith in good Samaritans renewed.

In other sheriff department news, 95 complaints were handled by the department during last week including seven property damage accidents, five breaking and enterings, four larcenies, five ambulance runs, two fires, one criminal sexual conduct, and one indecent exposure.

PUBLIC HEARING

Notice to Grayling Twp. Residents

The Grayling Township Board will hold a Public Hearing on a request to add two street lights on I-75 Business Loop North. This would be an increase cost to the Special Assessment District established in 1967. The Hearing will be held on September 30, 1981, at 7:30 p.m. in the Council Chambers, Grayling City Building. Cost estimates are on file at the Township Office.

tland Community College to set up college classes at the high school for next semester to replace some of the college prep classes cut this year.

The new outside funding policy also calls for a basic user fee of about \$25 per student for most programs. Diedrich stresses, however, that scholarships to cover the user fee will be available or waivers of the fee can be obtained for students who can't afford it.

loading, checks traffic to start out again, it takes an average of about three minutes for a stop. Multiply 3 minutes by 10 stops on one route and you've cut out 30 minutes. Multiply this by 18 routes multiplied by 180 days plus savings on fuel and the total comes out to about a savings of \$40,000. Two bus driver positions have been eliminated and the remaining drivers times have been reduced. This year elemen-

tary students walk up to one-half mile and high school students walk up to a mile to their bus stop. Crawford AuSable School District has one of the largest bus routes of any district in the state.

Q - Why can't the building trades class remodel some rooms in the middle school basement to house administrators instead of using the "white house?"

A - If any remodeling is done at the middle school, the whole building must be brought up to code. To do that would cost hundreds of thousands of dollars. Board member Pauline Petrosky said the white house is almost paid for and it is one of the cheapest things in the whole district. She said it would be more expensive to remodel rooms in a school building, install new phone lines, change electrical outlets, and so forth, than it would be to leave the offices in the white house.

Q - The teachers laid-off are being paid for 45 days, why can't they teach the programs that were cut during that 45 days?

A - "I feel that would be too disruptive on the kids," Superintendent William Diedrich said. "Come November you would be taking classes away from them, the younger kids would have to start over with new teachers, you'd have to reschedule all the middle school and high school students in the middle of everything. It would be complete disruption."

Q - If another millage was passed this year, would the school board open the Frederic Elementary this year?

A - The answer from the board was yes - if the money is there the school would be open. Diedrich said although there would be some of the same disruption mentioned in the previous situation, he felt it would benefit the kids to reopen the Frederic School right away if a millage passed.

Q - We would like an investigation of the school district accounts to assure the public that there isn't any hidden funds.

A - The school books have always been open to the public and the school district has an audit every year.

"I prefer to have people come in and look over our books," Assistant Superintendent Paul Lerg said. "I would like them to find that hidden money. It's not there."

From Our Corner ...

Oh my, what a weekend...we were in Bay City to attend a wedding and while looking around we thought we were still in Grayling...we could not even start to name the faces that were familiar Graylingites...

The wedding really took us back to when we were growing up in Gaylord...a good old fashion Polish wedding complete with the polkas and kielbasa, we don't know if this one lasted for three days, but the ones in Gaylord did, and this one had the looks of possibly going through Sunday...

Mike McNamara, son of Grayling's leading Irish family joined up with Bev Burzynski a Polish beauty from Bay City Saturday and this in our memory is the first Irish-Polish reception we have ever attended...darn near did the ol' fella in...but then knowing the leprechaun, we should have realized there would be no holds barred...

We had planned on seeing our friends Sonny and Shirley Cogan while in Bay City but everything went so fast and having to get home early Sunday it was impossible to meet with them...maybe another day...

Here is news for you Detroit Lions fans...the American Legion is sponsoring their second annual bus excursion on October 25th for the game between the Lions and the Green Bay Packers. The bus will leave at 8:30 a.m. from the Legion Hall and there are only a few seats left. Cost for the trip is \$40.00 per person and includes tickets to the game, a lunch and beverages...

If you like football this is a good way to watch the Lions in action and not have to worry about driving home. Tickets are available at the Legion Club...

An idle thought...when we went back to the Holiday Inn following the reception we ran into Bebel Targino Oliveira from Brazil...she was with her husband and father and came for the wedding...many people here should remember Bebel as she had lived with the McNamara's during a school year as an exchange student...

We're going to make Rena happy this week with a short column, she's always complaining we write too much...also have to make some room for ads...before we close this turkey for tonight, may we add that we talked to our Nevada family Sunday evening and Amber said everything was okay with her parents...

So with that...the ol' fella is going to head for the wagon shed and have an orange pop in the back yard...there won't be too many evenings like this one...

Good night T.J., Stef and Amber and to all have a nice weekend...

Grayling Co-Op Nursery

Even though the school year has started, the Grayling Co-Op Nursery wishes to announce there are still some openings available for your three or four year old child in the three year old morning class and the four year old afternoon class. Each class session is two hours and fifteen minutes in length, with the three year old class meeting two mornings a week on Tuesday and Thursday, and the four year old class meeting three afternoons per week on Monday, Wednesday and Friday. The Grayling Cooperative Nursery is a non-profit, non-sectarian, inter-racial, corporate preschool nursery.

For those interested in registering their child, but feel they may require some economic assistance, The Grayling Co-Op is offering a tuition assistance grant to qualified children which will pay for fifty per cent of the yearly tuition. Parents interested in applying for tuition assistance should

contact Marilyn Rosi, President, 348-5189. All applications will be considered. The closing date for application is September 31, as decisions regarding tuition assistance will be rendered on October 1, 1981.

This year as in past years the students of the nursery school will be enjoying a variety of out of school activities. Field trips to various places within Crawford County include such activities as visiting various businesses, seeing the inner workings of such places as the fire station, hospital, and police station, and going on a hay ride. Transportation to and from all field trips will be on the Crawford County Public Transit System, better known as Dial-A-Ride.

If you and your child wish to join in on all the fun and learning experiences offered through the Co-Op Nursery, call Linda Northrup, Membership Chairman, 348-5639, today. We hope to be seeing you soon!

Lorne Douglas of Frederic left on Tuesday for a few days visit with his parents at Johannesburg before leaving for Ann Arbor, where he will take up a course of Chemical Engineering at the U. of M.

Last Sunday evening Dr. Insley and family were in Frederic. Their auto went out of commission and they returned home in some other way.

Four members of the Michigan State Military board were on a tour of inspection in this section last week. They are looking for a suitable place for a permanent location for the Michigan National Guards.

Harold Rasmussen is attending the State fair this week.

Fred Welsh is here for a few days looking after business matters.

Jake Letzkus and Carl Johnson returned Monday morning from a week's trip to Chicago, Milwaukee and Detroit.

The T-Town sawmill did not run Wednesday afternoon, nor all day Friday on account of not having logs.

Peter Jensen, watch man at Salling Hanson Co.'s mill is expected here this week from Denmark where he has been spending the summer.

Sorenson Brothers are improving their warehouse with a new roof.

Mr. and Mrs. Earl Dawson have returned and are at home to their friends. At present they are making their home with Mrs. Dawson's parents, the H. Petersens.

Mrs. Benjamin Jerome of Grand Rapids is here assisting in the post office during her father's absence.

H. Joseph returned home Monday after spending two weeks in Detroit and Chicago, purchasing his winter stock.

The Bible Speaks

From Calvary Baptist Church

Religious Man Stands Condemned Romans 2:16-23

We have already studied how the pagan man is condemned by God's revelation in nature. Romans 1:18-20. We have studied how the moral man is condemned by God's moral law written within his heart. Romans 2:14, 15. Now we shall find that the religious man is condemned by God's Word which he preaches.

Even the secrets of man's heart which he thinks no one knows about will be judged by God's Word someday. "In the day when God shall judge the secrets of men by Jesus Christ according to my gospel." Verse 16.

It is not enough to be called a Christian. It is not enough to say we believe in the Bible. It is not enough to say we are trusting God. Many of the Old Testament Jews were so identified as God's people, but were unsaved. "Behold, thou art called a Jew, and retest in the law, and makest thy boast of God." Verse 17.

It is not enough to know

God's will, and choose those things which God approved. It is not enough to be instructed in the Bible and know what God requires. "And knowest his will, and approve the things that are more excellent, being instructed out of the law." Verse 18.

It is not enough to have spiritual knowledge which others do not have. It is not enough to be able to teach others the truth. "And art confident that thou thyself art a guide of the blind, a light of them which are in darkness, An instructor of the foolish, a teacher of babes, which hast the form of knowledge and of the truth in the law." Verses 19, 20.

God's Word must become a part of our lives before we can teach others. We cannot effectively preach God's Word unless we practice it. "Thou therefore which teachest another, teachest thou not thyself? Thou that preachest a man should not steal, dost thou steal? Thou that sayest a man should not commit adultery, dost thou commit adultery? Thou that abhorst idols, dost thou commit sacrilege?" Verses 21, 22.

For a man to declare God's Word to others while he disobeys it in his own life brings dishonor upon God and Christianity. People who call themselves Christians and claim to believe the Bible, but deny Bible truth in their daily lives are hypocrites. It is not the Bible one carries under his arm, but the Bible one carries in his heart that counts. Remember, one of the first men to enter eternal Hell to burn for eternity will be a miracle working false religious prophet. Revelation 19:20. "Thou that makest thy boast of the law, through breaking the law dishonorest thou God?" Verse 23. (adv.)

Strolling Around Town

By Fay Bovee

Some of the lovely old maple trees are showing off their colors and going out in a blaze of glory, but it is sad to see some of them ready for the fire - they've been around a long time. So keep on planting new ones to shade some children and people in the future.

This will probably be one of the last columns for this year and my bouquet of this week goes to a young couple who are remodeling a very run-down house on Michigan Avenue and Plum Street. They have really made progress over the weekend with new siding and a pile of shingles says that there will be a new roof soon too. The Art Thayers on Plum have put blue trim on their brick home this summer and the Bob Ruddys on Ottawa are getting a new roof. On Lake Street, the Brad Jarmin's lawn is being admired by some of my readers and on Chestnut Street in the 500 block there seems to be new occupants with lots of flowers. It looks great! By next spring there should be lots of new streetside lawns started in the area between Michigan Avenue and the river - street improvements are progressing and I can hardly wait - I always got sand in my shoes walking there!

Keep it up Grayling - have pride in your homes and town. The Beautification Committee is still working even though they have opposition from that small segment of our population who enjoy destroying things.

Doodles From The Tall Timber

Park Interpreter

I am not sure if the others on the staff feel a sense of relief or letdown when Labor Day is over or not, but I do to some degree. Throughout the spring as preparations are made for hosting all those visitors soon to come, there is a definite sense of anticipation. Just before Memorial Day, the seasonal staff starts arriving. This year they were all new and, of course, you always wonder if they will fit in. Because time is so short, they are put through an intense period of on-the-job training under the watchful eye of a permanent Ranger. I suspect we hold our breath a little as they settle into being able to take care of the many formalities we are required by policy to do, whether it is cleaning buildings, registering camps, selling vehicle permits, maintaining vehicle logs, filling out work reports, or becoming familiar with the rules and regulations which govern the use of the area.

As the summer progresses, they become a part of the family that is the staff and each is depended upon to do his or her particular job. Because flexibility is necessary, it is a relief when a newcomer can cover for another person when illness or whatever arises. As Labor Day approaches, the seasonals are becoming even more proficient at their tasks and the compliments we all receive on the Park are evidence of this. Suddenly termination dates are upon us and just when work schedules have smoothed out, their time is up. One by one, we see them leave for school or home. The lunch room is strangely quiet and the parking area for employees no longer looks like a used car lot. The good-natured kidding and banter that goes with the Park family is now just among those of the permanent staff. The myriad of jobs will now be covered in part by those of us who are left and we realize there isn't any way the same amount of time can be spent on buildings and grounds and still take care of the visitors, which is essential.

From the visitors and the permanent staff, this is a thank you for all the jobs cheerfully and well done.

Up to \$2,000 TAX FREE Interest

The New First Savings All Savers Certificate. Just In Time for Times Like These.

Beginning Oct. 1, First Savings will offer a revolutionary new savings certificate which will yield a higher rate of return plus tax free interest.

Here are some questions and answers that should help you better understand this new savings certificate.

Q. WHAT ARE THE MOST IMPORTANT FEATURES OF THE NEW ALL SAVERS CERTIFICATE?

A. It's a one year certificate that pays 70% of the yield on U.S. Treasury Bills and can be purchased in amounts of \$500 or more. The saver can earn \$1,000 interest on a single tax return and \$2,000 on a joint tax return and pay no income tax on that interest income.

Q. WHAT ARE THE ADVANTAGES OF THE ALL SAVERS CERTIFICATE OVER A MONEY MARKET MUTUAL FUND?

A. First, the tax free feature. Second, the fact that the rate is guaranteed for a year. (Money Market Funds rates fluctuate daily. If interest rates go down, money market funds will drop sharply.) Third, All Savers Certificates are insured to \$100,000 by the FSLIC. Money Market Mutual Funds aren't. In addition, First Savings All Savers Certificates can be purchased for \$500, less than it takes to get into most Money Market Funds.

Q. HOW DOES THE TAX FREE FEATURE WORK?

A. During the time the All Savers Certificate is available from October 1, 1981 through December 31, 1982, you can earn \$1,000 tax free interest on a single return and \$2,000 on a joint return regardless of which year or years you take the exclusion or the number of certificates you have. It is a one-time only exclusion. Any interest earned above these figures is taxable.

Q. CAN FUNDS CURRENTLY INVESTED IN A 6 MONTH MONEY MARKET CERTIFICATE BE TRANSFERRED INTO THE NEW ALL SAVERS CERTIFICATE?

A. Yes. And the interest penalty usually imposed for early withdrawal is waived so you will experience no loss of earnings by making the transfer.

Q. WHAT IS THE MAIN ATTRACTION OF THE TAX FREE FEATURE OF THE ASC?

A. For many savers in the middle income tax brackets and above the ASC's tax free yield will be higher than the after tax return available in the market place.

Q. WHAT ABOUT SAVERS WHO AREN'T IN HIGH TAX BRACKETS?

A. They profit, too, because the ASC provides a good one year return for a low minimum deposit.

Q. O.K. BUT THERE HAS TO BE A CATCH SOMEWHERE* - WHAT IS IT?

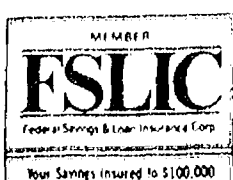

A. It's not really a catch, but if any portion of the certificate is withdrawn early, you lose the tax exemption on **all** the interest earned so it is important to leave your ASC funds on deposit for the full term of the certificate.

There is also a penalty of three months loss of interest for early withdrawal on one year certificates.

ALL SAVERS CERTIFICATES WILL BE AVAILABLE FROM OCT. 1, 1981 THROUGH DEC. 31, 1982.

Senior Citizen Homemaker Service

Summertime, summertime, are you leaving us so soon? The temperature went down to 32 degrees last Tuesday night and there were signs of ice all around. The fall is always nice with the beautiful colors, but it is always sad to say goodbye to the "good Old summertime".

Did you know that the poverty rate for the elderly climbed from 14% in 1978 to 15.1% in 1979? The sharpest rise in poverty for a population group since the Census Bureau began tabulations in 1959. These figures are from the Bureau's 1980 Current Population Survey which also found that: Over 60% of all older persons living alone (6.6 million) have annual incomes below \$4,999. About 25% of older couples (3.3 million) live on annual incomes below \$3,500.

Homemakers Services Program offers light house-keeping and limited transportation to all Handicapped Crawford County Senior Citizens over 60 years of age

or older. This service consists of dusting, vacuuming, meal preparation, washing dishes, light laundry, changing bedding, cleaning kitchen, bathroom, bedroom and living room. We also have limited transportation service for Handicapped Crawford County Senior Citizens over 60 years of age or older needing groceries, prescriptions filled and doctors appointments. However, if you are able to use Dial-A-Ride, please do so as it is much less expensive.

If you need the Homemaker Service or know of anyone that does please call the Senior Citizen Center at (348-9314), or drop in and see us at 308 Lawndale. We will be more than happy to try to help you.

Library Association Makes Recommendations On State Library

Warren M. Hoyt, Executive Director, MPA

Broad powers to plan activities for all Michigan libraries and adequate financing were among the recommendations for the State Library in a report from a special task force of the Michigan Library Association.

Frances Pletz, executive director of the association, declared that whatever can be done to improve the library's services to state government and other libraries should be done, even if that means making the library a separate state agency.

The report makes 22 recommendations for improving the library.

It, however, does not specifically endorse pending legislation in the state Senate which would take the library from the control of the State Board of Education, but added those bills could be necessary to insure "adequate authority, status and support."

Pletz said it would take over \$4 million to run the library properly. Current funding is some \$2.15 million, most of that coming from the federal government.

Pletz said that federal monies will be cut and the report recommends reducing the functions the library has if adequate funding is not forthcoming from the state.

The report was written by an 11-member task force, headed by Leo Dinnan, director of the Wayne/Oakland Library Federation.

A major recommendation suggests the state library provide service to the different branches of state government.

But the report says the library should have broad authority to plan activities for local and education libraries, including coordinating communications and interlibrary lending activities, gathering statistical data from the different libraries and creating coordinated information programs.

Vikings

(Continued From Page 1)

game paved the way for the two scoring strikes in the second quarter.

The Vikings moved down to the Harrison 14 yard line early in the second quarter but were pushed back to the 17-yard line and faced with a fourth and 13 yards to go. Senior quarterback Norman then hit senior Dan Lucksted for a touchdown and Brian Yoder kicked the extra point.

The Vikings came back with a little more than a minute left in the first half. Norman hit senior Don Bancroft for a 23-yard touchdown for the final score of the game. Norman threw for three completions in only four attempts during three quarters of work, but the passes came at the right times.

"The key to the touchdown passes was the defense was looking for the run," Klinger said. "Both the passes came off play-action fakes."

The Hornets offense never got untracked during the game and only mounted one drive to the Vikings 15 yard line at the beginning of the second half.

Klinger said his defense was solid.

"Nine kids were in on seven or more tackles which shows they were getting to the ball," Klinger said.

Brad Trenary led the Vikings with 12 tackles followed by Wayne Metzger, Jamie Radebaugh, Bob Huether with 10 each, and Paul Brackenbury with 9.

Klinger said the Vikings will again try to establish the running game against the Roscommon Bucks Friday. The Bucks won 14-8 over East Jordan in their season opener.

The Vikings will also try to cut down on penalties against the Bucks. In their first game, the Vikings had 135 yards marked off against them.

The Vikings ended the game with 291 total yards of offense, with 58 yards passing. Harrison had 71 yards on the ground and 36 through the air.

Great grandparents are Mrs. Irene LaRush of Grayling and Max and Bea Tobin of Florida.

Mrs. Ruth Stephan was feted on her 80th birthday with an Open House at her home on the AuSable River on Sunday, August 23, 1981. Hosts were her children, Jay Stephan of Grayling, Ted Stephan of Frederic and Yette Skotnicki of Cleveland, Ohio. One of her guests was a granddaughter, Yette, and her small son, who had come from Brazil where she makes her home, to help Ruth celebrate the special occasion. The special cakes were made by granddaughters, Theresa Kibbe and Cheryl Stephan.

Bernie and Pat Fowler spent a four-week vacation in August in Alaska where they spent their time with John and Susan Stephan and family at Soldotna on the Kenai Peninsula. They fished, canoed, backpacked and did a lot of sight-seeing. They also went to Healy to visit Doug Stephan and family. In their absence, Barney and Zina Vallad stayed at Edgewater and managed the business for them. The Vallads make their home in Florida but are spending the summer here.

X. MISCELLANEOUS

13. Conference Session: Dr. Diedrich reported on the staff assignments for the 1981-82 school year.

Dr. Diedrich, Board of Education Members and Administration discussed potential contingencies under the current reduced program offerings. Such things as tuitions and programs funded by private sources were discussed at length. It was decided to develop a policy which would govern acceptance of private funding. By a consensus of the Board, the Athletic Director was allowed to continue football and basketball practices until Wednesday, September 9, by which time a policy will be developed and knowledge of private funding will be gained. Under no circumstances will this incur any expense to the district.

14. Special Meeting Scheduled. It was moved by Pauline Petrosky, seconded by Bernadine Dosch, that a Special Meeting of the Board of Education be held on Thursday, September 3, 1981, at noon in the Superintendent's office. Motion carried; all aye.

XI. ADJOURNMENT

There being no further business, it was moved by Mary Allen, seconded by Bernadine Dosch, to adjourn this meeting at 10:09 a.m. Motion carried; all aye.

First Show "New England" Grayling Travelogue Series To Open September 24

On Thursday evening, September 24, Grayling will begin its 9th Annual Travel and Adventure Series with an exciting documentary of the New England States. The program, featuring nationally recognized lecturer-photographer Robert Ditta, will begin at 7:30 p.m. in the Grayling High School Auditorium. Individual single admission at the door is \$2.50, however money saving season tickets are available and may be purchased at the door also.

Maine, New Hampshire, Vermont, Massachusetts, Connecticut and Rhode Island are the states that make up this historic and beautiful land known as New England. Bob Ditta will be your guide as you make this full color motion picture junket into some of the richest American heritage to be found. As you roam through New England you will see lobster fishermen, sailing ships, silversmiths, skiing, and the world's champion sardine packer. Highlights of your journey will be Mt. Washington, Mt. Snow, Quoddy Head Light, Sturbridge Village and Cape Cod National Seashore.

Besides New England, other fascinating places to be visited by film during the current season of Travel and Adventure are Alaska, Holland, the Mediterranean, the Canadian Rockies and the Badlands. Season tickets for the series may be ordered in advance by sending your check to Howard Taylor, Grayling High School, Grayling, Michigan 49738. Season ticket prices are \$12.00 for adults and \$7.50 for students and senior citizens. Checks should be made payable to the Crawford AuSable Schools.

AuSable River Cutting New Channel

By Jon Thompson

A new stream channel has been cut by the AuSable River near Beaver Island about a mile and half east of Grayling.

Deterioration of a man-made rock dam and the destruction of a natural log jam, possibly by marathon canoe racers, has helped the river cut a straighter channel in place of a horseshoe bend. (See accompanying map.)

Gary Schnicke, Mio DNR Fisheries Biologist, said in a report on the new channel, it's conceivable the new route could become the main channel and a substantial length of stream could be lost.

Schnicke said in his report that the new channel has already caused one nearby channel upstream to dry up resulting in loss of trout habitat.

He said the new channel is also adding sediment to the river system that will eventually reach the mainstream if left unchecked and cause some damage to existing plant and wild life.

Bernie Fowler, Grayling

Township Supervisor, asked the DNR to check the channel changes after residents in the area brought the matter to a township board meeting. Fowler said the rock dam used to block water flow when it was first put in years ago but now it does little to restrict the water flow into a man-made channel, dug by Clare Madson, a Grayling developer, in the early 1960's.

Fowler also said a natural log jam, at the head of old Spider Creek, had been cleared with the aid of a saw. Fowler, a winner of the AuSable River Canoe Marathon from 1953-55 with Don Feldhauser, said canoe racers - interested in saving time - may have removed the log jam.

Schnicke recommended the rock and log barriers be maintained to avoid the loss of trout habitat and additional sediment in the mainstream. He said the only benefit of the new channel would be a more direct route for canoeists.

No decision on the channel changes have been made yet by the DNR.

Girls Drop First Game Home Opener Thursday

A five-basket spurt early in the fourth quarter by Johannesburg spoiled a bid by the Grayling girls varsity basketball team to start their season with a win.

The girls traveled to Roscommon Tuesday and will play their home opener Thursday at 6:30 against Kalkaska, a team the Vikings beat last year.

Against Johannesburg, the Vikings battled the taller host team to a 27-27 tie after three quarters but fell behind when Johannesburg scored 10 straight points in a two-minute span in the last period.

"Our speed offset their height and we played well defensively," coach Marilee Cheney said. "Our offense was a little ragged, though. We didn't have the patience to run it."

Heidi Bendig led the Vikings with 14 points. Diane Lee had 9 points, Jenny Riker had 6, and Shelly Trenary scored 6. Riker and Lee led the defense with 4 steals apiece and Trenary picked off 11 rebounds with

Riker grabbing 8. All ten Vikings played in the game and Cheney said she was pleased with the overall performance for an opening game.

Eagles Auxiliary

The Eagles Auxiliary Sept. 10 meeting was called to order by Pres. Dee Bellanger, with 12 members answering roll call.

Ann Latusek, Chairman of the Sept. 26 Dinner Dance reported on its progress. Your reservations for the dinner must be made by Sept. 21st. We have over a hundred reservations to date - so if you haven't made yours yet, please do so soon.

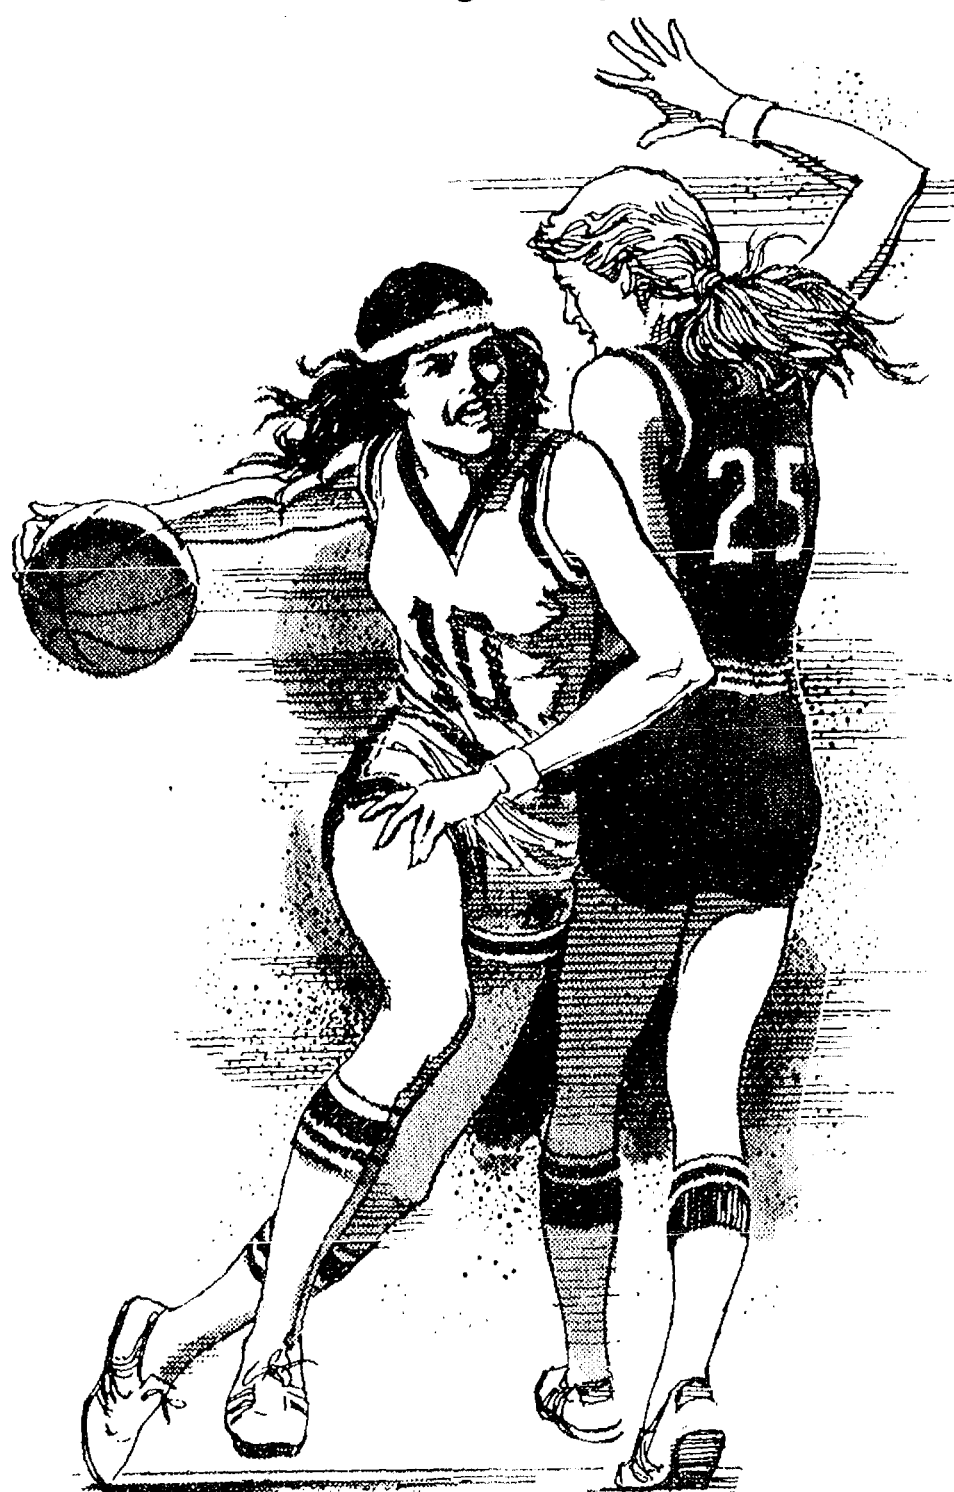

District meeting was held Sunday, Sept. 13 in Gaylord at their new Aerie Hall with 12 members attending.

There will be a Joint Officers meeting Wed., Sept. 16 at 8 p.m.

Our next meeting will be Sept. 24th at 8 p.m.

SUDDEN DEATH CRIBBAGE WINNERS—Tournament Commissioner Joe Thompson (left) presents Mike Kucharek (right) with two trophies for winning the 6th annual Camp Grayling Doubles Cribbage Tournament. Kucharek, along with his partner Dale Papendick, won the tournament over Ed Moggo and Howard Bunker by three pegs in a sudden-death play-off. Twenty-four teams entered this year's tournament sponsored annually by Camp Grayling for state and federal technicians, full-time and seasonal, employed at Camp Grayling and M.A.T.E.S.

The Crucial
Alternatives
Christianity
or Secularism

HAPPENINGS in our Society have been prompting many people to ask; what is wrong with our society? Why do so many people hold a cheap view of life? Why is there so much dishonesty by people in places of influence and authority? Why is it so difficult to achieve equality in class and race, and a greater degree of equity in our society? These are primary and imperative questions. How we think and act concerning them and many more of like nature will determine the character of our society in the future. What America is and does will affect society the world around.

The views we hold concerning the dignity and worth of human life will be a determining factor in the kind of civilization we achieve. If we care enough to help save our society and our civilization we shall have to make some primary and fundamental choices.

Historians tell us that many civilizations before us perished from weaknesses within and not from forces without. That information is relevant today. In the Western World the choice lies between a secular philosophy and a Christian point of view.

If we cast our eyes over the present scene it appears secularism is leading us down a road of disaster and confrontation. A road of freedom without moral restraints, of exploitation and riches, of pleasures and frivolities without the elevating influences that support and sustain a viable civilization. To put it bluntly a dead end road, without meaning or destination.

On the other hand a Christian view cherishes human life. It supports principles and morals. It supplies meaning and purpose to the human adventure. It nourishes noble and unselfish character. It creates hope instead of disillusionment and despair. It encourages the primary values of human relationship. With all of this and much more it becomes a sustaining force and a rejuvenating influence in society.

District Court

Appearing before District Court Judge Francis L. Walsh Tuesday, September 8, were the following persons:

Rodger Dean Padgett, 19, of Grayling, plead guilty to a charge of D.U.I. and was fined \$305 or 14 days plus his license is suspended for 90 days.

Ronald Smith, 38, of Sault Ste. Marie, plead guilty to a charge of disorderly person by intoxication in a public place and creating a disturbance. He was fined \$85 or 10 days.

William Crouch, 17, of Grayling, plead guilty to a charge of simple larceny and was fined \$85 or 10 days.

Receives
Advancement

PHILADELPHIA - Robert W. Rettenmaier, Asst. Vice President/Controller of Mercy Hospital of Grayling was advanced to Membership status in the American College of Hospital Administrators at its 47th Convocation Ceremony held in the Franklin Plaza Hotel, Philadelphia.

Presiding at the ceremony was Donald R. Newkirk, ACHA Chairman and President of the Ohio Hospital Association, Columbus.

The ACHA is a national professional society of more than 15,000 chief executive officers and their administrative staffs managing hospitals, health service facilities and health-related organizations and agencies in the United States and Canada.

The convocation marks the beginning of the society's 47th annual meeting, traditionally held in conjunction with the annual convention of the American Hospital Association.

At the same convention, the College conferred Honorary Fellowship upon two distinguished men for their extraordinary voluntary contributions to the health field. Recipients of this honor were Nathan J. Stark, J.D., Senior Vice Chancellor for Health Sciences, the University of Pittsburgh, and John W. Gates, Vice Chairman, Hospital Authority of Floyd County, Rome, Georgia.

Correction

In the September 10th issue of the Avalanche, two errors appeared in the story of the closing of the Frederic Elementary School. The quote from Clem Sajdak, of Frederic, stating "I've signed an affidavit and have witnesses that there is a written agreement," is incorrect. The story should have stated that Sajdak would sign an affidavit and that an agreement of that importance should have been written down and signed with witnesses present.

Back To School Clothing for Kids

By Gail Edwards
Extension Home Economist

Remember when little girls wore starched pinafores and matching tights to school each day, and young boys looked like they were going to church, not school, in their white shirts, striped ties, and dark blazers?

Well, if you have school-aged children, you already know that doesn't happen anymore. Today, most children wear jeans to school.

If you plan to buy jeans for your children to wear to school this fall, remember

these tips.

Since the price of jeans is rising, even for young children, shopping wisely for well-constructed, easy-care jeans will save you money in the long run.

Jeans are usually made of 100 percent cotton or a cotton/polyester blend. Regardless of fiber content, check to see that the fabric is firmly woven for durability. Loosely constructed, lighter weight fabrics will not hold up as well under rough wear.

Examine seams to make sure they are closely and evenly stitched. Seam allowances should be finished to prevent raveling. Flatfelled seams are commonly used to finish off jeans. With this finish, seams are sewn twice and completely enclose seam allowances on both the inside and outside of the pants. The double stitching is strong and long-lasting. If seams are not flatfelled, they should be overcast to prevent raveling.

Look for reinforcements on jeans. Thread bar tacks or rivets at places of stress (pocket corners, where belt loops are sewn to waistbands, zipper plackets) will help jeans last longer.

To keep their fit over time, jeans should be shrink-resistant. If the label does not say "no shrinkage" or "guaranteed not to shrink more than one or two percent," you cannot be assured that the jeans will not shrink. However, buying a large size and hoping they will shrink to fit your child is not a good idea because often jeans will not shrink proportionately.

Remember to check the permanent care label attached to one of the seams for directions on how to maintain the jeans. Follow the care instructions carefully to preserve the dimensional stability of the pants.

Jeans are usually washed in warm water. Wash dark colored jeans with other dark clothes, and pastel and white jeans with your regular wash.

Before washing and drying jeans made of cotton/polyester blends turn them inside out. This will prevent pills of fiber from forming on the fabric as it moves about within the agitating machine. Also, close zippers and snaps to prevent them from rubbing against other garments in the machines.

Tumble dry jeans on medium heat or your dryer's permanent press cycle and remove them promptly after the dryer stops. This will usually eliminate the need for ironing. If pressing is necessary, a steam iron will do the best job on your child's wrinkled jeans.

Little Salt

When doubling a recipe, don't double the amount of salt. A little bit of salt will go a long way. The same is true for many spices.

Road Commission Minutes

July 31, 1981

A regular meeting of the Crawford County Road Commission was held in their office in Grayling, Chairman Cason presiding. Present were: Chairman Grover Cason, Commissioners Gloria Kraus and Norman F. Parker, Engineer-Manager John M. Keir and Acting-Secretary Joanne Turner.

The minutes of the previous meeting of July 17, 1981 were read. Commissioner Kraus made a motion to accept the minutes with corrections, seconded by Commissioner Parker. All voted in favor, minutes approved and signed.

Payroll Voucher Number Sixteen in the amount of \$17,214.08 and Material Voucher Number 416 in the amount of \$6,744.68 were presented to the Board for approval. Commissioner Parker made a motion to accept the vouchers for payment, seconded by Chairman Cason. All voted in favor, motion carried, vouchers signed.

Engineer-Manager Keir informed the Board that the Beaver Creek and Martindale Brine Wells were being cleaned up and the old tank was removed from Beaver Creek. They were also informed that Hart Tire Company had the lowest price quote for tires needed for some of the equipment.

Two permits were presented to the Board for approval: Consumers Power to install poles on South Millikin Road and Michigan Consolidated Gas to install plastic main on Poplar Avenue. The permits were approved and signed by the Board.

The Board was informed that Bernie Fowler, Grayling Township Supervisor has been notified in regards to his letter requesting a "Dead End" road sign, reduced speed limit and limited parking in the McIntyre Landing area. The "Dead End" sign has been put in place and the State Police contacted for review of the speed limit and parking.

Engineer-Manager Keir informed the Board of requests from various sources that would like to purchase the re-cappable tires and Acetylene tanks. After discussion, the Board consented to the sale of these items.

Discussion was held regarding driveway permits, purchasing clay from J. Lelene for South Branch Township, Martindale Brine Well needing repair, and the opportunity to receive a large surplus 3000 barrel tank, if we can disassemble and remove; the Board agreed that we could use it in the future. Engineer-Manager Keir was instructed to proceed on these items.

A decision was made on the batteries and scrap that was Bid on July 17, 1981. The Board awarded the Scrap Bid and 80 batteries to A & I Iron, Inc. of Gaylord, and the 6 Volt and 12 Volt batteries to R.E. Cooper of Grayling.

A letter from Mr. Mark B. Kelly regarding Pine Road was reviewed. Additional input will be sought.

Commissioner Parker made a motion to close the doors to discuss union negotiations, seconded by Commissioner Kraus. All voted in favor, doors closed.

After the doors were opened, there being no further business, Commissioner Kraus made a motion to adjourn the meeting, seconded by Chairman Cason. All voted in favor, meeting adjourned.

Joanne Turner, Acting-Secretary
Grover Cason, Chairman

Edge of America

A barren beach — some plunging waves — and then for thousands of miles, the sea. Poets might think that way. But millions share the thought . . . this is the edge of America!

But the edge of our nation has been closing in. Within our restless society we have confronted a new edge of America — a shoreline of freedom, of justice, of mutual respect of men for one another and for their institutions. When you leave that shore behind, there is nothing . . .

Look rather at the heart of America. Look at the spiritual treasure which inspired patriots to crown religious liberty as the supreme freedom.

Each week our churches pursue their sacred mission. More and more they've been welcoming families like your own . . . folks who have seen the edge of America — and are seeking the heart!

Bits O'Talk

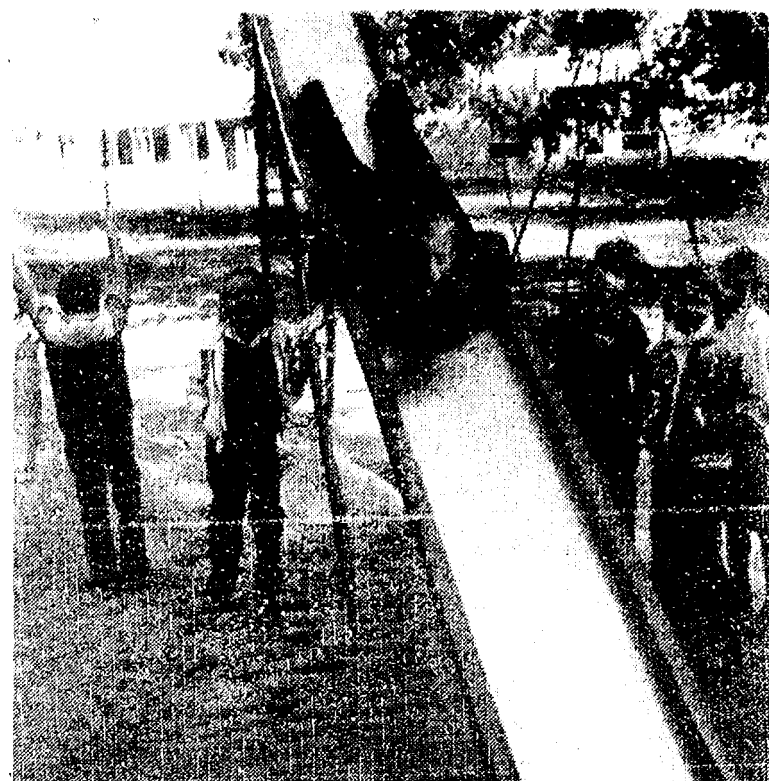

By Fay Bovee

Jon and Barbara Schultz are the proud parents of Benjamin Edward Schultz, who arrived on August 26, 1981, at Otsego Memorial Hospital, Gaylord. The grandparents are Ed and Faith Schultz of Grayling, and Wayne and Neta Lyons of Kingsley. Great grandparents are Ida Schultz of Muskegon, Grace McKee and Fred Gribbell.

Bob and Mickey Strong were at their cabin on the AuSable for the Labor Day weekend. Eva Strong joined them for dinner.

Jerry and Debbie St. Germain and family and Jim and Diane Tobin and family have purchased the former Truetner home on Michigan Avenue and have moved in.

Mr. and Mrs. George Granger, Sr. spent four days last week in Green Bay, Wis. visiting Mr. and Mrs. Ben Bachlor a fraternity brother of Mr. Grangers from Michigan State University. While there they spent one day on Door Peninsula which was very beautiful, they also saw the goats feeding on the roofs in the Swedish settlement.

ELEMENTARY SCHOOL FUN—A group on top of a large playground barrel ham it up (top left) while one boy takes a daring slide headfirst (center). Cory Neilson, 5, son of Rena and Andie Neilson, shows his finished painting (right). While the kids have fun in classes and outside, (left to right) Eunice Slusser, Helen Feldhauser, Fern Duncan, and Margaret Gugin prepare a tasty snack (bottom left).
